

Typically used as an offset non-structural side palm fixing for either straight or sloping guardrail. The tube is unable to pass through the standard fitting, should this be required then the base must be reamed out. Use in conjunction with a 143 when a secondary inline base fixing is required.

PART CODE	MATERIAL	TO FIT PIPE SIZE $\phi$	A	B	C	D	E	$\phi$	FINISH
16145B	Malleable Cast Iron	33.7mm	104mm	98mm	62mm	65mm	44mm	15mm	Galvanised
