- Multi-user function.
- It can be configured remotely via gateway or locally via CAME KEY.

Dimensions (mm)

Operational limits

MODELS	806TS-0330
Max. range of radio (m)	50 ÷ 150

Technical characteristics

MODELS	806TS-0330
Combinations	-
Radio signal frequency (Mhz)	433,92 - 868,35
Battery type	1 CR2032 Lithium
Operating temperature (°C)	-20 ÷ +55
Material	Polycarbonate
