

ZL60

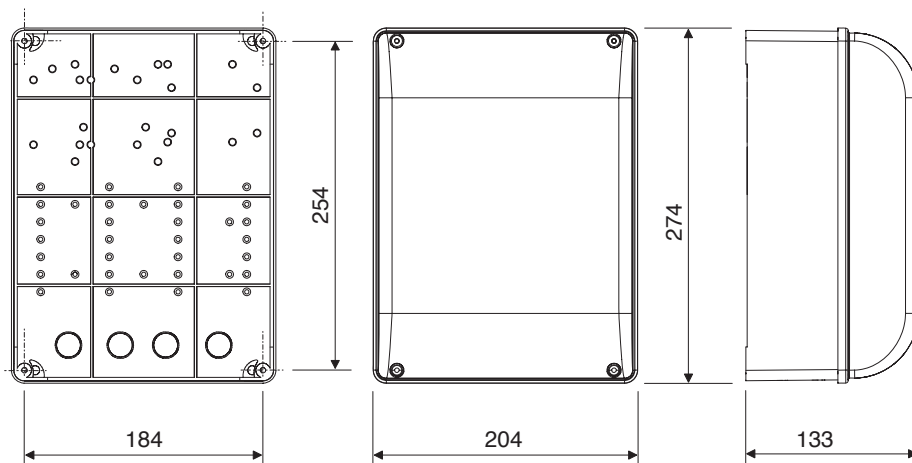

Control panel

Control panel for 24V gearmotors

- Control panel for one or two-leaf swing gates with functions set by dip-switches and adjusted by trimmers.

Dimensions (mm)

Technical characteristics

MODELS	ZL60
Protection rating (IP)	54
Power supply (V - 50/60 Hz)	230 AC
Input voltage motor (V)	24 DC
Stand-by consumption (W)	7
Stand-by consumption with the RGP1 (W) module	1.15
Maximum power (W)	300
Casing material	ABS
Operating temperature (°C) -	-20 to +55
Apparatus class	I
Weight (Kg)	3.6
